

# THIS IS A HOLD UP

Steel and Tube Introduces The All New Revolutionary Viticulture Trellising System

## THE GRILLA CLIP New Zealand patent and design applications pending

- **Glass filled nylon** resistant to ultraviolet light
- Design offers **flexibility** to clip and unclip foliage wires up & down
- **Twin sided** for installation of double wires narrowing trellis widths
- Fits to new or existing Y posts
- Low profile design **minimises damage** from machinery
- **Protects galvanising** on wire from wear by wind & foliage movement

## THE VINE POST

- The **all steel** post
- **Proven performance** in New Zealand conditions
- **Pointed end**
- **Easily driven**
- **Baked enamel** coating
