POOL FENCE

KEEPING THEM SAFE.

Keep young children well away from the dangers of an unguarded swimming pool with the Hurricane Pool Fence system. Long, strong, vertical uprights do not provide a foothold.

The open styling of the Hurricane Fold Top, Balustrade Fence and Pool Gate allows the pool to be seen at all times. The fence is compatible with most post materials, but an attractive result is achieved with Hurricane Pool Fence square tube posts. The option of flange posts, enables the posts to be bolted onto existing deck or paving.

FOLD TOP PANELS are the accepted profile recognised as a superior home and pool fence solution.

BALUSTRADE PANELS are an attractive new slimline profile offering a modern style of home and pool fencing.

Product features

The Pool Gate is available with optional Magna gate latch and self closing hinges. The Hurricane Fold Top, Balustrade Fence and Pool Gate are manufactured to the highest quality standards, galvanised for long life protection and like all Hurricane Wire Products are 'Built to Last'.

Pool gate Latch.
Child proof opening mechanism.
